Set up time, logistic details and artist team.

Assembly: 10 minutes
Software check: 10 minutes
Line check: 5 Minutes
Sound check (Optional, Preferred): 15 Minutes

Single person team, equipment carried to the venue by the artist. Set up by themselves.

Performance Description

Duration: 45 minutes
Type: Audio-Visual

Performed by the artist, standing at the table.
All audio is internal, no mics etc. are used.
Laptop is on the table, desktop computer underneath.
Controlled by 4 MIDI controllers set up on the table.

Lighting: Less is more. Minimal, soft white/pink light, for the opening & closing of the set. No direct lights on the screen during.

Screen

Ideally positioned behind the artist, offset to left or right, as the venue allows. In order of importance; Screen visibility #1, artist visibility #2.
